SEVIS FEE

The Student Exchange Visitor Information System (SEVIS) is an internet system that maintains information on non-immigrant students, exchange visitors, and their dependents. The fee- supported system enabled schools and program sponsors to transmit information to the Immigration and Customs Enforcement and Department of State throughout a student or exchange visitor's stay in the United States.

Once you have received the I-20, application for Certificate of Eligibility for Nonimmigrant Student Status, the USCIS requires that you pay the SEVIS I-901 fee before applying for a student visa.

The easiest way to pay the SEVIS fee is at www.fmjfee.com. You will be given an option to pay by credit/debit card, check, or money order drawn on a financial institution in the United States and payable in U.S. currency. A receipt will be provided when you pay online. Please be sure to print the receipt as it will be needed for your visa interview. A receipt will also be mailed to you, but it may not be received in time.

APPLYING FOR A STUDENT VISA

In order to be able to come to the United States of America and attend the Institute of Culinary Education, you must contact your nearest U.S. embassy or consulate and apply for an M-1, or F-1 student visa. Visit www.usembassy.gov for a list of embassy locations.

First-time student visa applicants are required to appear for an in-person interview. Each embassy and consulate will have their own procedures and policies when processing student visas. Please be sure to check with your specific consulate or embassy before arriving for your interview. In addition, if your primary residence is not your home country of citizenship, you must apply at the U.S. embassy in your country of residence.

Required items to apply for an M-1 student visa:

1. **Form I-20** obtained from the Institute of Culinary Education. The form must be signed by a Designated School Official and the prospective applicant.
2. **Form DS-160** with form DS-158. Both forms must be completed and signed and the confirmation pages printed. Some applicants will be required to complete and sign Form DS-157. Separate forms will be required for children. Form DS-160, Online Nonimmigrant Visa Application, can be found at <https://ceac.state.gov/genniv/>. Form DS-158 can be found at <https://eforms.state.gov/Forms/ds158.PDF>.
3. **Passport** - Must be valid for a minimum of six months after your intended period of stay in the U.S.
4. **One (1) 2x2 Photograph** - Nonimmigrant photograph requirements can be found at <https://travel.state.gov/content/travel/en/us-visas/visa-information-resources/photos.html>

5. **SEVIS Fee Receipt** - This was provided to you when you processed your payment online. A copy of the receipt will also be mailed to you at the address you supplied when you made the payment.
6. **Proof of English Language Ability** (see Demonstrating English Proficiency).
7. **Proof of Financial Resources** (see Demonstrating Financial Resources).
8. **Verification of Education.**

Please review the links below before applying for your student visa so you can better understand the process and rules governing the issuance of a U.S. visa. <https://travel.state.gov/content/travel/en/us-visas/study.html> <https://travel.state.gov/content/travel/en/us-visas/visa-information-resources/visa-denials.html> <https://www.ice.gov/sevis/students>

** Citizens of Canada generally do not require a student visa but still need to obtain an I-20 and present it with supporting documents at the Port of Entry in the United States.

** Do not enter the U.S. without a visa (unless you are a Canadian citizen).

** Do not enter the U.S. with a B-1 or B-2 visa unless it is marked "prospective student." If you use a B visa to enter the U.S., you could be guilty of "fraudulent entry" and be refused permission to stay longer than 6 months or to extend or change your status. While USCIS allows for a prospective student to then process an I-539, we will not be able to process it due to time constraints of programs and schedules.

** The Institute of Culinary Education will not process an I-539 student Request to Change/Extend Visa Status.

UPON ARRIVAL AND MAINTAINING STUDENT STATUS WHILE IN THE U.S.

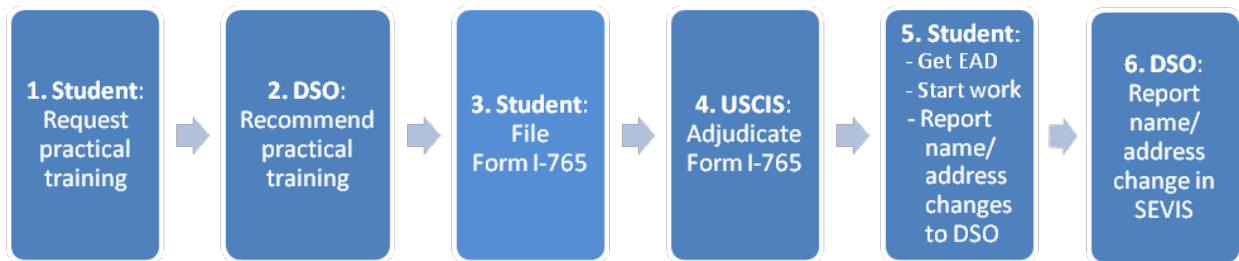

1. Upon arriving you must supply ICE with the local address and phone number where you will be staying during the program.
2. Upon arriving, you must also provide ICE with a copy of:
 - a. Signed Form I-20
 - b. Copy of M-1 or F-1 visa
 - c. Stamped passport
3. You are required to attend a five-day per week program and comply with all attendance regulations.
4. Delays due to suspension or academic probation are not acceptable reasons for a program extension. It is very important that you follow through with your commitment to complete the program within the time permitted. No extensions will be granted.
5. Inform ICE of any changed in address or phone number as soon as they occur so that we can update your information in the SEVIS system.
6. You must have the PDSO or DSO sign your I-20 if you are planning to leave the country and return to school.
7. You must depart the U.S. within 30 days after completion of the program for an M-1 visa and within 60 days for an F-1 visa. If your I-94 has a later date, this does not mean you can stay longer than these dates after your last date of matriculation.

8. If you fail to maintain a full course of study or otherwise fail to maintain your immigration status, you will have to leave the U.S. immediately. There is no 30-day grace period.

PRACTICAL TRAINING (PT) AND WORK OPTIONS for M-1 and F-1 STUDENTS

M-1 Practical Training – LOS ANGELES and NEW YORK CAMPUSES

Due to the duration of our programs and the timelines for the application, M-1 students are discouraged from applying for Practical Training (PT). Students are typically granted only four weeks of training and sometimes the card authorizing PT arrives after some of this time has passed. Nevertheless, PT is an option for M-1 students. It has a complex application process and you should see the PDSO for further instruction. The process is as follows:

F-1 Optional Practical Training and Curricular Practical Training **LOS ANGELES CAMPUS ONLY**

For F-1 students, Optional Practical Training (OPT) and Curricular Practical Training (CPT) are options we encourage. Post-completion OPT allows one year of legally residing in, and working in the United States after graduation. This is a complex process and you should meet with the campus registrar for detailed instructions applying. Generally the process is:

CPT allows for F-1 students to be paid while on their externship, before graduation, and provided the work is in the field of study. CPT is approved at the campus level. It is important to note that the amount of CPT time used may be deducted from approved OPT time.

J-1 Visa Options

If a student is interested in pursuing a J-1 Visa, you can contact one of the organizations listed below that may sponsor advanced culinary training. Please contact them for their individualized criteria for qualifying for a visa. The Institute of Culinary Education does not sponsor students for J-1 visas and is not affiliated in any way with the listed organizations.

M-1/F-1 VISA ACKNOWLEDGEMENT

1. Immigration law requires M-1 visa students to be enrolled in a five-day morning or afternoon schedule in the Culinary Arts, Pastry & Baking Arts, Plant-Based Culinary Arts, or Hospitality & Hotel Management Diploma (New York Campus Only) Programs. F-1 visa students must be enrolled in an Associate's program.
2. M-1/F-1 students are not eligible to take the Culinary Management Program by itself. It may only be combined with either the Culinary Arts or Pastry & Baking Arts Programs. The Culinary, Pastry, or Health-Supportive Culinary Program in this circumstance must be taken in a Mon-Fri schedule.
3. M-1/F-1 students must begin their externship immediately following their last class and be in attendance five days per week. No vacations or breaks are permitted.
4. M-1/F-1 students are required to work 35 hours per week at their externships.
5. If M-1 students are taking Culinary Management while on externship, the externship work requirement will be 22 hours per week. As soon as the Culinary Management Program ends, students are required to increase their work hours at the externship site to 35 hours per week.
6. All students, including M-1/F-1 students, who are on externship are required to submit their attendance records weekly. In the event M-1/F-1 students fail to submit their attendance records, ICE is required to notify SEVIS electronically which will automatically terminate the students' visas.
7. M-1 students are admitted to the United States for a fixed period of time necessary to complete the course of study indicated on their SEVIS form, plus an additional 30 days to depart the U.S. The total period of time cannot exceed one year. Therefore, all M-1 students must leave the U.S. within 30 days after the end date on their SEVIS form or 30 days after they complete their course of study at ICE, whichever is earlier. There are no extensions. M-1 students who fail to maintain a full course of study or otherwise fail to maintain their immigration status are not eligible for the additional 30-day period beyond the end date on the SEVIS form and must leave immediately.
8. F-1 students are admitted to the United States for a fixed period of time necessary to complete the course of study indicated on their SEVIS form, plus an additional 60 days to depart the U.S. Therefore, all F-1 students must leave the U.S. within 60 days after the end date on their SEVIS form or 60 days after they complete their course of study at ICE, whichever is earlier. There are no extensions. F-1 students who fail to maintain a full course of study or otherwise fail to maintain their immigration status are not eligible for the additional 30-day period beyond the end date on the SEVIS form and must leave immediately.
9. If M-1/F-1 students travel outside the U.S. during the course of study at ICE, they should have with them a valid passport with a valid M-1/F-1 visa in it and a current I-20 form for re-entry into the U.S. M-1/F-1 students should inform the Designated School Official in advance of any foreign travel plans

to ensure that their documentation is in order. Upon re-entering the U.S., the student will be given a new I-94 arrival record form. The duration of the student's visa status, however, remains the period of time indicated on the I-20 form.

I, _____, have read the International Student Guidelines and acknowledge and understand the details of what is required to maintain M-1 or F-1 visa student status. By signing I agree to comply with what is required to maintain M-1 or F-1 visa student status.
