CAREER CULINARY ARTS

CURRICULUM

This 642-hour diploma program consists of nine courses. The first eight courses are composed of 108 four-hour lessons held at ICE. The ninth course is an off-site externship. The program is constructed as follows.

Course 1: Culinary Fundamentals 1 - Kitchen Essentials – 60 Hours

Most culinarians begin their culinary journey by learning how to pare and prepare greens and vegetables. After a comprehensive introduction to knife skills and food safety, you'll use a range of methods for preparing vegetables, progressing from salads to complex vegetarian cuisine, as you begin to explore the techniques that underlie fine cooking.

Course Highlights:

- Grilled Eggplant and Portobello Sandwich with Fresh Mozzarella and Romesco
- Vegetarian Three-Bean Chili with Ancho and Sweet Chili Peppers
- Grain Bowl with Quinoa/Lentil Pilaf and Roasted Vegetables

Course 2: Culinary Fundamentals 2 - Poultry, Pork & Lamb – 48 Hours

The first in a series of three courses on protein-based cuisine, this course will stress key techniques like sautéing, roasting, braising and grilling. With an emphasis on sustainability, you will fabricate the essential cuts and prepare stocks and sauces that completely utilize each ingredient. Then you'll prepare dishes to practice each technique and build your confidence and competence.

Course Highlights:

- Sous Vide Chicken Breast with Jus Lie
- Sautéed Duck Breast with Orange Gastrique
- Pan Roasted Rack of Lamb with Red Wine pan sauce
- Grilled Brined Pork Chop with Caramelized Onion and Bourbon Sauce

Course 3: Culinary Fundamentals 3 - Veal, Beef & Seafood – 56 Hours

Structured in the same way as Course 2, you'll fabricate steaks, paillards, cutlets and chops, and prepare soups, brown sauces and pan sauces as you continue to deepen your understanding of fundamental techniques. You'll also apply these methods to seafood, including flat fish, round fish and shellfish as you prepare dishes that highlight the special skills that these foods require.

Course Highlights:

- Braised Osso Bucco with Risotto
- Sautéed Filet Mignon with Bearnaise
- Lobster Bisque
- Grilled Tuna with Beurre Rouge

Course 4: Plating & Restaurant Simulation – 52 Hours

In this final course of the series, you'll further refine your abilities as you focus on preparing game specialties like

rabbit, quail and venison. You will also plate entrées as you simulate the experience of cooking in a restaurant.

Course Highlights:

- Roast Squab with Dirty Rice and Pan Gravy
- Braised Rabbit with Prosciutto and Red Onions
- Pan Roasted Cod with Manilla Clams and Chorizo
- Grilled Hangar Steak with Caramelized Shallots and Chive Mashed Potatoes

Course 5: Pastry & Baking – 52 Hours

The skills taught in this course are not just for desserts – they can be used in savory cooking as well. From custards and pizza to biscuits and frozen desserts, you will prepare specialties that can be part of exciting entrees or memorable finales to the dining experience.

Course Highlights:

- Chocolate Soufflé
- Sweet and Savory Quick Breads and Biscuits
- Pizza and flatbreads
- Crème Brulee

Course 6: International Cuisine 1 - Mediterranean, the Americas, & Asia – 56 Hours

Cuisine from the Mediterranean, from Greece to North Africa, exerts an important influence on the way many chefs cook nowadays. You will explore the staple ingredients, various flavor profiles and key dishes of the region, and use them as a portal to studying the foods of the Americas.

Asia: The panoply of Asian flavors and techniques exert a growing influence on culinary arts around the world. Understanding how to use the herbs, spices, ingredients and methods that characterize these cuisines is a necessity in today's global food scene. Centering on flavor profiles and specific techniques, this course acquaints students with the essential dishes of India, China, Japan, and Thailand.

Course Highlights:

- Falafel
- Roast Turkey with Mole Negro
- Jamaican Jerk Chicken
- Pad Thai
- Northern Indian Lamb Curry
- Sushi

Course 7: International Cuisine 2 - France, Italy & Garde Manger – 48 Hours

France is considered the touchstone for all western cuisines – and for good reason. In this course, students become familiar with characteristic ingredients, methods and dishes from some of the most important culinary regions in the country: Provence, Burgundy, Normandy and Alsace.

Italy: Regionality is the essence of all things Italian and this concept is central to our presentation of Italian cuisine. We'll focus on Piedmont, Tuscany, Abruzzo, and other regions that comprise what we think of as modern-

day Italian cuisine. Using authentic recipes and ingredients, students come to appreciate the diversity and simplicity that characterize this important European cuisine.

Course Highlights:

- Bouillabaisse with Rouille
- Cassoulet
- Fresh Egg Pasta with Pesto

Course 8: Advanced Cuisine – 60 Hours

Whether it's hydrocolloids, fermentation or zero-waste cooking, today's kitchens rely on innovative ideas and modern techniques to produce their signature dishes. In this course, you'll study the methods, and flavors that the best restaurants are using to take food to the next level, and create enjoyable dining experiences. Finally, with a basket of seasonal ingredients, students will work alone to create unique menus that demonstrate their skill and creativity.

Course Highlights:

- Fermentation, Preserving and Pickling
- Introduction to Hydrocolloids
- Zero-Waste Cooking
- Cooking of the Contemporary Masters

Course 9: Externship - 210 Hours

At the end of their in-class training, all students complete an externship course. CAREER PASTRY AND BAKING ARTS

CURRICULUM

This 610 clock-hour diploma program contains five modules that are divided into nine courses. The first eight courses are composed of 100 four-hour lessons that are held at on campus. The ninth course is an off-site externship. The program is constructed as follows:

Course 1: Introduction to Baking Techniques and Ingredients Part 1 - 44 Hours

The program begins by giving students an in-depth understanding of the ingredients, techniques, and procedures they will use throughout the program, including:

- Identification and discussion of the essential ingredient groups: sugar, dairy and fruit.
- Weights and measures, culinary math, food safety, sanitation, and equipment identification.
- Introduction to basic decorating skills, the use of a pastry bag, and making and utilizing cornets.
- Techniques for preparing fruit-based desserts, including poaching, roasting, macerating, drying, and candying.
- The theory and practice of sugar cookery including the preparation of sugar syrups, glazes, fudge, and caramel.

Course 2: Introduction to Baking Techniques and Ingredients Part 2 - 56 Hours

All well-executed desserts rely on a mastery of fundamental techniques. In this course students begin the journey toward that goal by learning:

- The basics of egg theory as they prepare egg-based desserts like crème brûlée, bread pudding, custards, and éclairs made with pâte à choux.
- Preparation of additional egg-based desserts such as soufflés and meringues.
- How to prepare a variety of cheesecakes along with classic pastry cream.
- Production of frozen desserts such as ice creams and sorbets.

Course 3: Breads and Other Yeast-Raised Doughs - 40 Hours

Bread is at the crossroads of culinary and baking arts. At the heart of this deceptively simple food is some of the program's most challenging material. Students will learn:

- The technique and theory of working with yeasted doughs: fermentation, dough hydration, temperature control, kneading, and formation methods.
- How to calculate and utilize bakers' percentages, as well as pre-ferment, sour, and straight dough formulations.
- How to put this knowledge to use by baking a variety of breads, including braided, olive, and sourdough loaves along with brioche, bagels, baguettes, focaccia, and pizza.

Course 4: Pastry Doughs - 60 Hours

Mixing, rolling, turning, and forming: these are the essential skills students master as they learn to prepare the wide variety of doughs that are the basis of so many pastry items. Included are:

- The trio of classic doughs: pâte brisée (flaky), pâte sucrée (sweet), and pâte sablée (cookie) to make individual tarts and pastries.
- Laminated or layered doughs, including puff pastry, croissant, and Danish doughs, both by hand and with a commercial sheeter.
- Proper rolling techniques for preparing tarts, galettes, pies (single-crust, two-crust, and lattice), palmiers, mille-feuille, fruit strips, pithiviers, croissants, pains au chocolat, and a variety of Danish specialties.
- Specialty pastry shop items including phyllo, donuts, cannoli, and hand-stretched classic strudel.

Course 5: Cakes, Fillings and Icings Part 1 - 48 Hours

From the humble pound cake to the classic génoise, students go beyond the recipes to explore the theory and technique of cake making and expand their abilities to create original cakes. Students will learn:

- Butter-based and egg-foam cakes, including layered and rolled versions.
- The theory of batter balance as they prepare cakes using various mixing techniques including: one-stage, high-ratio, and creaming method. Cakes prepared include carrot, pound, white, yellow, crumb, and chocolate along with muffins. Egg-foam cakes such as angel food, chiffon, and génoise are also included.
- Icings and fillings such as curds and ganaches as well as both Swiss and Italian meringue-based buttercreams.
- A wide variety of piped, dropped, molded, bar, and sheet cookies including biscotti, brownies, madeleines, macarons, spritz, Florentines, and rainbow cookies.

Course 6: Cakes, Fillings and Icings Part 2 - 52 Hours

- Complex layered baked goods including plain and chocolate-nut sponges, génoise, and biscuit joconde.
- A classic assortment of cakes, including opera, miroir, tiramisu, crepe, mousse, and charlotte royale.
- Our plated dessert section includes theory, preparation, and presentation of multi-element, contemporary plated desserts. Students recreate and prepare recipes by award-winning chef and ICE Creative Director, Michael Laiskonis.

Course 7: Chocolate Confections - 44 Hours

- Buttercream flowers and borders, royal icing, fondant (draping, crimping, and ruffling).
- Gum paste flowers, including azaleas lilies, and roses, and more.

RESTAURANT AND CULINARY MANAGEMENT

CURRICULUM

This 316 clock-hour diploma program contains five modules that are divided into nine courses, which are divided into 158 lessons (211 lessons in evening classes). Students take two courses simultaneously. The program is constructed as follows:

Course 1: Concept Development & Menu Design - 45 Hours

This course is designed to acquaint students with the realities of a culinary business concept — from creativity to profitability. By surveying the industry, students explore all types of operations and analyze concepts, as well as research feasibility and location selection. Students gain the knowledge required to develop and refine their ideas. This course also gives a comprehensive view of key aspects of the menu, including planning, pricing, layout, and design. Students prepare sample menus as a project, which will become part of their final business plans.

Course 2: Marketing - 30 Hours

Culinary businesses are marketing businesses from the moment an idea is developed through opening and operation. This course provides an in-depth examination of how a marketing plan is developed, including market research, positioning, product mix, and life cycle. This includes development of potential strategies for advertising, merchandising, public relations, social media, and promotion.

Course 3: Food Safety - 16 Hours

Proper food handling and safety procedures are important elements of a successful culinary business. In this course students earn the nationally recognized ServSafe certification while learning the essential principles of food safety.

Course 4: Purchasing & Cost Control - 45 Hours

Strategies for purchasing and control are vital for the success of any culinary operation. This course examines labor, beverage and food costs, and revenue control. Purchasing guidelines, inventory and control, employee-performance standards, productivity and scheduling, use of point-of-sale systems, computers, and new technology are also reviewed.

Course 5: Supervisory Management & Food Service Law - 45 Hours

People are the most important resource in any culinary business. In this course students focus on the major functions of management, including leadership, motivation, communication, hiring practices, recruitment, training, discipline, and staff organization. In addition, this course focuses on the legal rights and responsibilities of owners and operators. Topics include labor relations, employment law, real estate and contracts. Various business structures are also surveyed.

Course 6: Service Management - 30 Hours

Managing the front of the house requires particular knowledge and skill. Students are introduced to the tools

and techniques of service and service management in restaurants and other foodservice operations. This course also covers how to build customer satisfaction.

Course 7: Finance & Accounting - 45 Hours

A working understanding of numbers is critically important to culinary success. The curriculum for this course focuses on the use of financial statements as a tool for control and decision-making. Topics include balance sheets, statements of net income, break-even analysis, cash flow, and financing. Budgets, industry standards and variation analyses are emphasized. Actual case studies are used to provide real experience.

Course 8: Beverage & Wine – 30 Hours

Beverage sales is a challenging business. This course explores all areas of beverage service, including wine, spirits, beer, mixology, nonalcoholic drinks, and bar design. Wine tasting and appreciation is included. Students will study proper alcohol service and receive safe beverage service certification.

Course 9: Facilities & Design - 30 Hours

This course examines how to bring a concept to life, from design through construction and final inspection. Whether planning to renovate or build a restaurant from scratch, students gain insight into capital costs and budgeting, as well as how to work with architects, designers, and contractors. Topics include equipment and systems basics, space analysis, product and people flows, kitchen and interior design.

Your application will remain on file at the Los Angeles campus for a period of two years or ten (10) years for active students and graduates.

- If students are unable to complete the enrollment by the end of the sixth calendar day, they will be removed from the cohort.

FEDERAL FINANCIAL AID PROGRAMS

Student Aid Eligibility

Students applying to Career Culinary Arts, Career Pastry and Baking Arts and Career Health Supportive Culinary Arts may apply for Title IV aid. Eligibility for federal student aid is based on financial need and on several other factors. The U.S. Department of Education will determine your eligibility. To receive aid for our programs, you must:

- Demonstrate financial need (except for certain loans).
- Have a high school diploma or a General Education Development (GED) certificate.
- Be working toward certificate in an eligible program.
- Be a U.S. citizen or eligible noncitizen.
- Have a valid Social Security Number (unless you're from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau).
- Register with the Selective Service if required. You can use the paper or electronic FAFSA to register; you can register at www.sss.gov; or you can call 1-847-688-6888. (TTY users can call 1-847-688-2567.)
- Maintain satisfactory academic progress once in school.
- Certify that you are not in default on a federal student loan and do not owe money on a federal student grant.
- Certify that you will use federal student aid only for educational purposes.

The Higher Education Act of 1965 as amended (HEA) suspends aid eligibility for students who have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). If you have a conviction(s) for these offenses, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) or go to the FAFSA on the website, click on "Before Beginning a FAFSA" in the left column, then click on "Drug Worksheet" to find out how this law applies to you.

Even if you are ineligible for a federal grant or other federal aid, you should complete the FAFSA as you may be eligible for nonfederal aid from states and private institutions. If you regain eligibility during the award year, notify your financial aid administrator immediately. If you are convicted of a drug-related offense after you submit the FAFSA, you might lose eligibility for federal student aid, and you might be liable for returning any financial aid you received during a period of ineligibility. If you have a question about your citizenship status, contact the Office of Student Financial Services.

How will I know what I'm eligible for?

The information you reported on your FAFSA is used to determine your Expected Family Contribution (EFC), which is calculated by a formula established by law. The EFC is not the amount of money that your family must provide. Rather, you should think of the EFC as an index used to determine how much financial aid (grants, loans or work-study) you would receive if you were to attend school. If your EFC is below a certain number, you'll be eligible for a Federal Pell Grant assuming you meet all other eligibility requirements. You can get worksheets that show how the EFC is calculated by downloading them from <https://studentaid.ed.gov/sa/resources>. Click on the award year appropriate to you under "EFC Formula." You may be required to submit additional documents at a later date, upon request of the Office of Student Financial Services. The amount of your Pell Grant depends on your EFC, your cost of attendance, your enrollment status (full time), and your program choice.

A Student Financial Services Advisor will explain how we calculate your cost of attendance. Costs unrelated to the completion of a student's course of study are not included in calculating that student's cost of attendance. A Student Financial Services Advisor can consider special or unusual circumstances and can adjust your cost of attendance or some of the information used to calculate your EFC. The Student Financial Services Advisor can also change your status from dependent to independent but only under specific circumstances the aid administrator will explain. You'll have to provide documentation to justify any change. The decision to change or not to change your dependency status is based on the aid administrator's judgment, and it's final. It can't be appealed to the U.S. Department of Education.

How to Apply for Financial Aid

1. Create an FSA ID for student and parent (if student is under 24) at <https://fsaid.ed.gov>.
2. Then, fill out the FAFSA (it'd be helpful to have previously filed tax documents on-hand at the time) online at <http://www.fafsa.ed.gov/>. Select the 2019-2020 school year.
 - You will be asked to complete personal security questions and create a password. The password will allow you to return to a saved application or check the status of an application in process.
 - The school code is: E40459
 - Be sure to use the "Next" and "Previous" buttons to move from page to page. (Using your web browser back and forward buttons may cause you to lose information.)
 - Save your data before moving to the next page!
3. Students should utilize the IRS Data Retrieval Tool when at all possible. This will ensure accurate submission of required income and tax information. If you are unsuccessful in using this tool, please request an official detailed Tax Transcript from the IRS and submit to the Office of Student Financial Services upon request.

4. After submitting your FAFSA, please print a copy for your records and contact the Office of Student Financial Services at (626) 345-6610 for next steps.

Federal Pell Grant

A Federal Pell Grant, unlike a loan, does not have to be repaid. At ICE, Pell Grants are awarded to undergraduate students who have not earned a bachelor's or a professional degree. Pell Grants are considered a foundation of federal financial aid, to which aid from other federal and nonfederal sources might be added.

How much can I get?

The maximum Pell Grant award for the 2019-2020 award year (July 1, 2019 to June 30, 2020) is \$6,195.

The maximum amount can change each award year and depends on program funding. However, the amount you get, will depend not only on your financial need, but also on your costs to attend school, your status (all Los Angeles campus students are full-time students.), and your plans to attend school for a full academic year or less. Programs at the Institute of Culinary Education are less than one full academic year, so your amount of Pell Grant will be pro-rated.

If I am eligible, how will I get the Pell Grant money?

When the Institute of Culinary Education receives your Pell award, we will apply the Pell Grant funds to your student tuition account. The school must tell you in writing how much your award will be and when the funds will be disbursed to the school. ICE receives funds at least twice during your enrollment period.

FSEOG Program

The FSEOG Program provides need-based grants to help undergraduate students finance the costs of postsecondary education. When making FSEOG awards, the institution must give priority to those students with "exceptional need" (those with the lowest Expected Family Contributions, or EFCs, at the institution) and those who are also Federal Pell Grant recipients. To get an FSEOG, you must fill out the Free Application for Federal Student Aid (FAFSA) so that the Office of Student Financial Services can determine how much *financial need* you have. Students who will receive Federal Pell Grants and have the most financial need will receive FSEOGs first. The FSEOG does not need to be repaid. Each year, the school receives a certain amount of FSEOG funds from the U.S. Department of Education's office of Federal Student Aid. Once the full amount of the school's FSEOG funds has been awarded to students, no more FSEOG awards can be made for that year. In other words, FSEOG funds are first come, first served.

Direct Stafford Loans

Institute of Culinary Education participates in the Direct Loan Program. The U.S. Department of Education administers the William D. Ford Federal Direct Loan (Direct Loan) Program. The Direct Loan programs consist of what are generally known as Stafford Loans (for students) and PLUS Loans for parents. You can find detailed information about federal loans on our website at

ice.edu. Under the Direct Loan Programs, the funds for your loan come directly from the federal government. Eligibility rules and loan amounts are set by the Department of Education.

How can I get a Direct Loan?

In order to apply for a Direct Loan, you must first fill out a FAFSA. After your FAFSA is processed, the Office of Student Financial Services will review the results and will inform you about your loan eligibility. You will need to complete an Entrance Counseling Session, which explains among other things, your repayment responsibilities. You also will have to sign a Master Promissory Note, a binding legal document that lists the conditions under which you're borrowing and the terms under which you agree to repay your loan. The loan application and Master Promissory Note are completed on-line. You will need to submit confirmation of the application to the Office of Student Financial Services. The U.S. Department of Education is your lender for Direct Stafford Loan.

How much can I borrow?

A subsidized loan is awarded on the basis of financial need. If you are eligible for a subsidized loan, the government will pay (subsidize) the interest on your loan while you're in school, and if you qualify to have your payments deferred. Depending on your financial need, you may borrow subsidized money for an amount up to the annual loan borrowing limit for your level of study (see below).

- You might be able to borrow loan funds beyond your subsidized loan amount even if you don't have demonstrated financial need. In that case, you'd receive an unsubsidized loan. The Office of Student Financial Services will subtract the total amount of your other financial aid from your cost of attendance to determine whether you're eligible for an unsubsidized loan. Unlike a subsidized loan, you are responsible for the interest from the time the unsubsidized loan is disbursed until it's paid in full. You can choose to pay the interest or allow it to accrue (accumulate) and be capitalized (that is, added to the principal amount of your loan). Capitalizing the interest will increase the amount you have to repay.
- You can receive a subsidized loan and an unsubsidized loan for the same enrollment period as long as you don't exceed the annual loan limits.
- If you're a dependent undergraduate student (excluding students whose parents cannot borrow PLUS Loans), each year you can borrow up to: \$5,500 (for loans first disbursed on or after July 1, 2008) if you're a first-year student enrolled in a program of study that is at least a full academic year. No more than \$3,500 of this amount can be in subsidized loans. The amount will be pro-rated downward for a program, such as those at ICE, which is less than a full academic year.
- If you're an independent undergraduate student (or a dependent student whose parents have applied for but were unable to get a PLUS Loan (a parent loan), each year you can borrow up to: \$9,500 if you're a first-year student enrolled in a program of study that

is at least a full academic year. No more than \$3,500 of this amount may be in subsidized loans. The amount will be pro-rated downward for a program, such as those at ICE, which is less than a full academic year.

- These amounts are the maximum yearly amounts you can borrow in subsidized and unsubsidized Direct Loans.

Because you can't borrow more than your cost of attendance, minus the amount of any Federal Pell Grant you're eligible for and minus any other financial aid you'll get, you may receive less than the annual maximum amounts.

How will I get the loan money?

For the Direct Loan programs, the school will receive two equal disbursements. The loan money must first be applied to pay for tuition and fees. If loan money remains, you'll receive the funds by check within 14 days, unless you give the school written authorization to hold the funds until later in the enrollment period.

Since all enrolled students at the Institute of Culinary Education are considered first-year undergraduate students, the school may not disburse your first payment until 30 days after the first day of your enrollment period. This practice ensures you won't have a loan to repay if you don't begin classes or if you withdraw during the first 30 days of classes.

A school with a cohort default rate of less than 15 percent for each of the three most recent fiscal years for which data are available are not required to delay the delivery or disbursement of the first disbursement of a loan for 30 days for first-time, first year undergraduate borrowers.

What's the interest rate?

For all undergraduate unsubsidized and subsidized Stafford Loans disbursed on or after July 1, 2019 and before July 1, 2020, the interest rate is fixed at 4.53%.

New interest rate cap for military members

Interest rate on a borrower's student loan may be changed to six percent during the borrower's active duty military service. Additionally, this law applies to borrowers in military service as of August 14, 2008. Borrower must contact the creditor (loan holder) in writing to request the interest rate adjustment and provide a copy of the borrower's military orders.

When do I pay back my Stafford Loans?

After you graduate, leave school, or drop below half-time enrollment, you will have a six-month "grace period" before you begin repayment. During this period, you'll receive repayment information, and you'll be notified of your first payment due date. You're responsible for beginning repayment on time, even if you don't receive this information. Payments are usually due monthly.

How do I pay back my loans?

You'll repay your Direct Loan to the U.S. Department of Education's Direct Loan Servicing Center. The Direct

Loan program offer four repayment plans you can choose from, but the terms differ slightly. You will receive more detailed information on your repayment options during entrance and exit counseling sessions your school will provide.

What if I have trouble repaying the loan?

Under certain circumstances, you can receive a deferment or forbearance on your loan, as long as it's not in default. During a deferment, no payments are required. You won't be charged interest for a subsidized Direct Stafford loan. If you have an unsubsidized Stafford Loan, you are responsible for the interest during deferment.

If you're temporarily unable to meet your repayment schedule (for example due to poor health or other unforeseen personal problems), but you're not eligible for a deferment, your lender might grant you forbearance for a limited and specified period. If you are considering a deferment or forbearance, you must contact your lender. You may need to submit additional documents as well. You must continue to make payments until you receive confirmation of approval from the lender.

Can my Stafford Loan ever be discharged (canceled)?

Yes, but only under a few circumstances. Your loan can't be canceled because you didn't complete the program of study at the school (unless you couldn't complete the program for a valid reason, such as if the school closed, for example), or because you didn't like the school or the program of study, or you didn't obtain employment after completing the program of study. If you are considering a discharge of a loan, you must contact the Lender directly. Payments must be continued until approval has been received. Additional documents may need to be submitted as well.

Direct PLUS Loans (Parent Loans)

Parents can borrow a PLUS Loan to help pay for your education expenses if you are a dependent undergraduate student enrolled at least half time in an eligible program at an eligible school. PLUS Loans are available through the William D. Ford Federal Direct Loan (Direct Loan) Program. Since this loan is credit-based, parents must have an acceptable credit history.

How do my parents get a loan?

Your parents must complete a Direct PLUS Loan application and Master Promissory Note, using our school information. The application is done on-line. Confirmation of the application must be submitted to the Office of Student Financial Services.

Also, your parents will be required to pass a credit check. Parents must complete a PLUS pre-approval form for this process. You and your parents must also meet other general eligibility requirements for federal student financial aid.

How much can my parents borrow?

The annual limit on a PLUS Loan is equal to your cost of attendance minus any other financial aid you receive. If your cost of attendance is \$6,000, for example, and you

receive \$4,000 in other financial aid, your parents can borrow up to \$2,000.

Who gets my parents' loan money?

The U.S. Department of Education (for a Direct PLUS Loan) will send the loan funds to ICE. The loan will be disbursed in two equal installments. The funds will be applied to your tuition and fees. If any PLUS loan funds remain, your parents will receive the amount as a check, not to exceed the amount of the PLUS loan.

What's the interest rate?

Direct PLUS Loans first disbursed on or after July 1, 2019 and before July 1, 2020 have a fixed interest rate of 7.08%.

Other than interest, is there a charge to get a PLUS Loan?

Your parents will pay a fee of up to 4.248% of the loan, deducted proportionately each time a loan disbursement is made. For a Direct PLUS Loan, the entire fee goes to the government to help reduce the cost of the loans. Also, your parents may be charged collection costs and late fees if they don't make their loan payments when scheduled.

When do my parents begin repaying the loan?

For PLUS loans made to parents disbursed on or after July 1, 2008, the borrower has the option of beginning repayment on the PLUS loan either 60 days after the loan is fully disbursed, or to wait until six months after the dependent student on whose behalf the parent borrowed ceases to be enrolled on at least a half-time basis.

How do my parents pay back these loans?

They'll repay their Direct PLUS Loan to the U.S. Department of Education's Direct Loan Servicing Center. To read more about repayment options, visit <https://studentaid.ed.gov/sa/types/loans/plus#repayment-plans>.

Is it ever possible to postpone repayment of a PLUS Loan?

Yes, under certain circumstances, your parents can receive a deferment on their loans.

If they temporarily can't meet the repayment schedule, they can also apply for forbearance on their loan, as long as it isn't in default. During forbearance, their payments are postponed or reduced.

Generally, the conditions for eligibility and procedures for requesting a deferment or forbearance apply to both Stafford Loans and PLUS Loans. However, since all PLUS Loans are unsubsidized, your parents will be charged interest during periods of deferment or forbearance. If they don't pay the interest as it accrues, it will be capitalized (that is, added to the principal amount of the loan, and additional interest will be based on that higher amount). If your parents are considering a deferment or forbearance, they must contact the lender. They may need to submit additional documents as well. They must continue to make payments, aside from the interest, until they receive confirmation of approval from the lender.

Can a PLUS Loan be discharged (canceled)?

Yes, under certain conditions. A discharge (cancellation) releases your parents from all obligations to repay the loan. If your parents are considering a discharge of a loan, they must contact the Lender directly. Payments must be continued until approval has been received. Additional documents may need to be submitted.

Your parent's PLUS Loan can't be canceled if:

- You didn't complete your program of study at your school (unless you couldn't complete the program for a valid reason—because the school closed, for example).
- You didn't like the school or the program of study.
- You didn't obtain employment after completing the program of study.

For more information about loan discharge or repayment: Parents should contact the Direct Loan Servicing Center at 1-800-848-0779, or go to <https://studentaid.ed.gov/sa/repay-loans/forgiveness-cancellation>.

Repayment Information

After you graduate or leave school, you have a period of time before you have to begin repayment. This "grace period" is six months for a Federal Stafford Loan.

The repayment period for all PLUS Loans begins on the date the loan is fully disbursed, and the first payment is due within 60 days of the final disbursement. Parent PLUS Loan borrowers whose loans were first disbursed on or after July 1, 2008, may choose to have repayment deferred while the student for whom the parent borrowed is enrolled at least half-time and for an additional six months after that student is no longer enrolled at least half-time. Interest that accrues during these periods will be capitalized if not paid by the borrower.

Exit Counseling

You'll receive information about repayment, and your loan provider will notify you of the date loan repayment begins. It's extremely important to make your current loan payment due on time either monthly (which is usually when you'll pay) or according to your repayment schedule. If you don't, you could end up in default, which has serious consequences. Student loans are real loans—just like car loans or mortgages. You have to pay back your student loans. Find out about your obligations in this section so you can stay on top of your loans. The Exit Counseling Session must be completed at least one month prior to the start of your externship. For more information regarding this process, you will need to contact the Bursar at the Los Angeles campus.

Get Your Loan Information

The U.S. Department of Education's National Student Loan Data System (NSLDS) allows you to access information on loan and/or federal grant amounts, your loan status (including outstanding balances), and disbursements made. Go to www.nslds.ed.gov.

Paying Back Your Loan(s)

You have a choice of repayment plans. How much you pay and how long you take to repay your loans will vary depending on the repayment plan you choose. There are several repayment plans available: Standard, Extended, Graduated, Income Based Repayment (IBR), and the Income Contingent Repayment (ICR).

Go to the Repayment Plans and Calculators page on the Department of Education web site (<https://studentaid.ed.gov/sa/repay-loans/understand/plans>) for more information about the various repayment plans and to calculate your estimated repayment amount under each of the different plans.

The Publication Funding Education Beyond High School: The Guide to Federal Student Aid provides additional information on repayment options, with examples of monthly payments for different loan amounts, and covers other topics you need to consider when managing your loans. You can see the entire publication at <https://studentaid.ed.gov/sa/sites/default/files/funding-your-education.pdf>

Trouble Making Payments

If you're having trouble making payments on your loans, contact your lender as soon as possible. Your lender will work with you to determine the best option for you.

Options include:

- Changing repayment plans.
- Deferment - If you meet certain requirements. A deferment allows you to temporarily stop making payments on your loan.
- Forbearance - If you don't meet the eligibility requirements for a deferment but are temporarily unable to make your loan payments. Forbearance allows you to temporarily stop making payments on your loan, temporarily make smaller payments, or extend the time for making payments. Read more about deferments and forbearance options at <https://studentaid.ed.gov/sa/repay-loans/deferment-forbearance>

If you stop making payments and don't get a deferment or forbearance, your loan could go into default, which has serious consequences. Contact your lender regarding options for postponing repayment if you are having trouble making payments.

Default

If you default, it means you failed to make payments on your student loan according to the terms of your promissory note, the binding legal document you signed at the time you took out your loan. In other words, you failed to make your loan payments as scheduled. Both the Institute of Culinary Education, the financial institution that made or owns your loan and, the federal government (your Direct Loan Lender) can take action to recover the money you owe.

Here are some consequences of default:

- National credit bureaus can be notified of your default, which will harm your credit rating, making it hard to buy a car or a house.

- You would be ineligible for additional federal student aid if you decided to return to school.
- Loan payments can be deducted from your paycheck. State and federal income tax refunds can be withheld and applied toward the amount you owe.
- You will have to pay late fees and collection costs on top of what you already owe.
- You can be sued.

Loan Consolidation

A Consolidation Loan allows you to combine all the federal student loans you received to finance your college education into a single loan. You can get more information about loan consolidation at <https://studentaid.ed.gov/sa/repay-loans/consolidation>

Return of Title IV Funds

The law specifies how the Institute of Culinary Education must determine the amount of Title IV program aid that you are eligible for if you withdraw from school. The Title IV programs are the following: Federal Pell Grants, Stafford Loans, and PLUS Loans.

- When you withdraw, the amount of Title IV program aid that you have earned up to that point is determined by a specific formula. If your total disbursements exceed more than you are entitled to, based upon the calculations, the excess funds must be returned by the school, which may result in a remaining balance due to the school. You will be responsible for this balance.
- The amount of aid that you have entitled to keep is determined on the number of days in attendance. All ineligible funds must be returned either by the school, the student, or both. Federal software is used to calculate the amount of ineligible aid to be returned and by whom. Once you have completed more than 60% of the period of enrollment, you are entitled to receive all scheduled aid.
- If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, the school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. The school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition or fees.
- There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct loan funds that you would have received had you remained enrolled past the 30th day.
- Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with the school or the Department of Education to return the unearned grant funds.

- The requirements for Title IV program funds when you withdraw are separate from the Los Angeles campus refund policy. Therefore, you may still owe funds to the Institute of Culinary Education to cover unpaid institutional charges. The school may also charge you for any Title IV program funds that it was required to return. The Bursar will notify you of any funds that were returned. Various departments can provide you with the requirements and procedures for officially withdrawing from school. They include the Registrar and Bursar.

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

This loan helps students save money, build good credit and pay off their student loan debt faster. Students who apply with a creditworthy co-signer benefit from low interest rates. Interest rates vary and are reset on a monthly basis. Borrowers may apply for a co-signer release upon successful completion of their program. Monthly interest-only payments are required during the in school period and during the six-month grace period. Both interest and principal are due following the six-month grace period. Please visit <http://www.salliemae.com/ctsmartloan> to get started.

What you may need to refer to when applying:

- Your Social Security Card
- Your valid Driver's License or state ID
- Your alien registration card or Permanent Resident Card (if you are not a U.S. citizen) — both sides

STATE-FUNDED GRANTS & LOANS

NJCLASS Loan

New Jersey residents may be eligible for assistance through the Higher Education Student Assistance Authority of New Jersey (HESAA) after federal aid is exhausted. The assistance that is available through the HESAA is the NJCLASS loan. There are no annual and/or aggregate loan limits. NJCLASS may be used for school related expenses including tuition and fees, books, and supplies, as well as room and board. HESAA reduces the interest rate during school and for the first 48 monthly payments of principal and interest.

NJCLASS Loans are variable or fixed rate products financed through the annual sale of tax-exempt bonds. Finance terms of 10 years, 15 years or 20 years are available, as well as different repayment option. Please

visit <http://www.hesaa.org/Pages/NJCLASSHome.aspx> for more information and to get started.

REFUND POLICY

Student's Right to Cancel

You have the right to cancel your agreement for a program of instruction, as described below:

1. If a student is denied admission to the school, he/she will receive a refund of all monies paid.
2. If a student enrolls prior to visiting the school's facility, he/she may cancel within three (3) days of touring the school's facilities and inspecting the equipment and receive a refund of all monies paid.
3. If student cancels within three (3) days of signing the Enrollment Agreement, he/she will receive a refund of all monies paid.
4. If a student cancels within four to seven (4-7) days of signing the enrollment agreement, or on the first day of class, whichever is later, he/she will receive a refund of all monies paid except for the registration fee.
5. Refunds to students will be made within 45 days of receipt of cancellation notice.

Cancellation may occur when the student provides a written notice of cancellation at the following address: 521 East Green Street, Pasadena, CA 91101. This can be done by mail or by hand delivery. The written notice of cancellation, if sent by mail, is effective when deposited in

the mail properly addressed with proper postage. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.

After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro-rata refund if you have completed 60% or less of the scheduled hours in the current payment period in your program through the last day of attendance.

Withdrawal from the Program

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro-rata refund if you have completed 60% or less of the scheduled hours in the current payment period in your program through the last day of attendance. The refund will be less the registration fee not to exceed \$85.00, and less any deduction for equipment within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, prior to withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. If a

student receives a loan to pay for the educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

Specific information pertaining to VA refunds may be found at <https://benefits.va.gov/gibill/>.

Federal Financial Aid refund and return of funds information may be found at <https://studentaid.ed.gov/sa/> or above in *Return of Title IV Funds*.

STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant

decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four-year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

ACADEMIC POLICIES

ATTENDANCE

Lateness will affect participation grades and repeated lateness may result in dismissal. Attendance is taken prior to the start of each lesson and some schedules meet for more than one lesson per day. Any student that is not present for at least two hours in a four-hour lesson or at least one hour in a two-hour lesson will be marked absent.

Specific program and schedule policies can be found within each program's description.

MAKE-UP POLICIES

Make-Up Classes

Make-up classes are only allowed at the discretion of the Dean of Students. Written approval must be obtained from the Dean of Students prior to make-up work being attempted.

Make-Up Written Examinations

Every instructor will provide you with his or her own make-up policy. Examinations are scheduled and administered by your module instructor.

Make-Up Practical Examinations

Make-up practical examinations require the permission of the Office of Student Affairs (documentation of the reason for missing the exam may be required). A student must demonstrate extenuating circumstances as cause for missing a practical. It is your responsibility to contact the Office of Student Affairs to discuss a make-up practical exam and make-ups must be scheduled within 14 days of the missed exam. A student may only make up one practical examination during the entire program.

MAXIMUM TIME TO COMPLETE PROGRAM

All aspects of the program (in-class and externship) must be completed within 150% of the program length.

EXTERNSHIP

Commencement of Externship

Students must successfully complete an externship to graduate from Career Culinary Arts, Career Pastry and Baking Arts, and Career Health Supportive Culinary Arts. There is no externship component for Restaurant and Culinary Management. Externships should begin immediately after the last day of class. Failure to commence externship timely may result in administrative dismissal.

Duration

The duration of the externship is 210 hours for the Career Culinary Arts and Career Pastry and Baking Arts. The externship is 200 hours for the Career Health Supportive Culinary Arts.

Attendance Journals

Daytime students are expected to complete at least 35 hours per week of attendance while on externship. Evening students are expected to attend their externship

at least 24 hours per week. Students are required to submit attendance journal records at the end of each week interval of their externship. There must be no interruption in weekly externship attendance. The attendance journal form is supplied by the school and must be signed by the designated representative of the site who signed the externship agreement. Attendance forms may be transmitted electronically.

In the event that a student fails to submit their attendance records when required, the Career Services Advisor will attempt to reach the student. If this is unsuccessful, and attendance cannot be verified at the site, the student will be sent a warning giving the student seven days to produce the attendance journal or be dismissed. Repeated lateness will have an impact on a student's final externship grade.

Evaluation

At the conclusion of the externship, ICE will send an evaluation form to the designated representative of the site who will grade the student on key performance areas including reliability, work habits, and technical abilities. This evaluation together with satisfactory completion of all externship-related assignments and policy compliance constitutes the final assessment of the externship course.

Student Feedback/Incidents

Students encountering problems at the externship site should communicate their concerns to their designated Career Services Advisor. Additionally, a student must immediately contact their Advisor should they be injured at the site. At the conclusion of externship, students are required to complete an evaluation/report of the externship experience.

Disciplinary Aspects

Any student whose externship is terminated by the site is required to notify the school immediately. The Institute of Culinary Education will investigate the circumstances surrounding the termination and the student may face disciplinary action, including but not limited to course failure or dismissal. Students who terminate or interrupt their externship without authorization from ICE will also face disciplinary action. Terminated students must begin logging hours at a new, approved site within 14 days of their last date of externship attendance, or face dismissal.

Externship Placement

While ICE will provide training, support and guidance, it is the student's responsibility, in cooperation with the site, to secure an externship. Students are required to investigate potential externship sites during their training and student preferences will be considered; however, the final approval regarding placement rests with the Institute of Culinary Education.

An externship must be completed in its entirety at a single site unless extenuating circumstances exist, in which case the student may make a request to their Career Services Advisor for a reassignment to another externship site.

Students requesting an externship at a site that compensates externs must hold valid U.S. work authorization.

ASSESSING STUDENT PROGRESS

Student progress is closely monitored by the Office of Student Affairs (OSA). Students will be contacted if their grades indicate a difficulty in keeping up with the course work.

Frequency of Evaluation

A written report card is issued at the end of each module that lists course grades, cumulative grade point average, and absences. Please see each program description for specific evaluation criteria.

Grades

The following grade scale will be used:

Letter Grade	Grade Points	Numerical Equivalent	Explanation
A	4.00	95-100	Extraordinary
A-	3.67	90-94	Excellent
B+	3.33	87-89	Very Good
B	3.0	84-86	Good
B-	2.67	80-83	Above Average
C+	2.33	77-79	Fair
C	2.0	74-76	Average
C-	1.67	70-73	Needs Improvement
D+	1.33	67-69	Below Average
D	1.0	65-66	Passing
F	0	0-64	Failing

CGPA (Cumulative Grade Point Average) is weighted by course length.

ACADEMIC SUPPORT PROGRAM

The OSA works closely with at-risk students. Students whose Cumulative Grade Point Average (CGPA) is below 2.0 or other students whose grades indicate difficulty with the course work, will be scheduled for a conference with the OSA to determine the nature of the problem and arrive at an improvement plan. This may include practical tutorials which will give a student an opportunity to repeat techniques that the student has not mastered. The number of sessions required and subject matter to be covered will be determined by the OSA, with input from the Chef-Instructor and the student. Necessarily, these tutorials will be offered outside of class time.

Incompletes

Students who fail to meet the requirements of a course (written or practical examinations or projects, or externship hours or journals) will receive an incomplete. Incompletes must be resolved within 14 days of the end of the course. If after 14 days an incomplete is still unresolved written or practical examinations or projects, or externship hours or journals are not completed by the 14th day, the incomplete will become an F or revert to the earned grade.

Course Repetition and Failure

Students who fail a course must repeat it. The grade for the retake will be the course grade. A course may be retaken only once. Students who fail the course for a second time or who fail to attend a scheduled retake of the course will be dismissed and a refund will be issued in accordance with California and Title IV regulations.

Typically, students retake a course while maintaining enrollment in their original class. The student will be assigned to retake the failed course in a different class with a schedule that will not conflict with the original class. Repeat classes are assigned based on space availability and delays are possible. It is essential to attend all classes in repeated course since failure will result in dismissal. Any student who is absent more than once during the retaken class will be dismissed and a refund will be issued in accordance with California and Title IV regulations.

In extraordinary cases, a student may be assigned to repeat a failed course via independent study. In such cases, a student will work with an instructor in a small group or individual setting. Students who fail their externship course must begin a new 200-hour or 210-hour externship. The externship must be restarted within 14 days of the LDA (last date of attendance) at the prior externship. The grade for the retake will be the course grade.

In all cases, a student must successfully complete all the courses that comprise their program within 150% of program length (including any retaken courses). If at any time it becomes impossible for a student to complete the program within the 150% limit, the student will be dismissed and a refund issued in accordance with California and Title IV regulations.

Due to the sequential nature of the programs, withdrawal from a course will be treated as a withdrawal from the program. The Institute of Culinary Education will initiate the refund policies mandated by the state of California and Title IV regulations. The last date of attendance will be considered the date of withdrawal.

Foreign Students

Foreign students who fail a course may be required to fill out a Form G-1145, E- Notification of Application/Petition Acceptance and Form I-539, Application to Extend/Change Non-Immigration Status with the Department of Homeland Security to extend their Visa in order to retake their externship. There is no guarantee that the extension will be granted.

GRADUATION

Graduation Requirements

A student must meet the following criteria in order to graduate and qualify for a diploma:

1. Minimum GPA of 2.0.
2. Minimum attendance of 90% of scheduled classes.
3. Completion of all course requirements, including externship (where applicable).

4. Satisfaction of all financial obligations to the school.
5. All courses successfully completed.

Honors

Students graduating with a final GPA of 3.67 or higher, and who have not failed a course will be accorded highest honors. Students graduating with a final GPA between 3.33 and 3.66, and who have not failed a course will be accorded honors.

Graduation Ceremony

A formal graduation ceremony will be held offsite each spring to acknowledge and honor students who have met the above **Graduation Requirements**. For questions regarding the ceremony, please contact LAgrad@ice.edu.

Receipt of Diploma

Diplomas are issued approximately 6-8 weeks from the end date of externship (i.e. Graduation Date) for Career Culinary Arts, Career Pastry and Baking Arts, and Career Health Supportive Culinary Arts. For Restaurant and Culinary Management students, diplomas are issued approximately 6-8 weeks from the Graduation date.

SATISFACTORY ACADEMIC PROGRESS

All students are required to maintain Satisfactory Academic Progress. Satisfactory Academic Progress has two criteria:

- Qualitative - A student's CGPA must be 2.0 or higher;
- Pace - The student's rate of completion must assure graduation within 150% of the program's length. The pace at which the student is progressing will be measured by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted.

The Registrar measures both Qualitative SAP and Pace at the end of each Title IV financial aid payment period. The Director of Student Financial Services will place a student who fails to achieve SAP on Financial Aid Probation and staff will notify the student within 48 hours.

Financial Aid Probation

Students who are placed on Financial Aid Probation may continue to receive Title IV financial aid during the probationary payment period.

Appeals from Financial Aid Probation

A student who has been placed on Financial Aid Probation may appeal. Appeals must be made in writing to the Director of Student Financial Services within 14 days. The appeal must assert a serious reason for the inability to meet SAP including student injury or illness, death of relative or other special circumstances and explain what has changed that will allow the student to achieve SAP at the next evaluation. In deciding the appeal, the Director will consult with the Dean of Students. If the appeal is granted, the Director of Student Financial Services will reinstate the student's Title IV aid for one payment period. The student will be notified by the Office of Student Financial Services within 48 hours of the decision.

Academic Plan

Any student that is put on SAP Probation and does not file an Appeal with the Director of Student Financial Services or whose appeal is denied will meet with the OSA to work out an Academic Plan. This Academic Plan will follow the same procedures as the school's Academic Support Program in which the OSA works closely with at-risk students. Students whose CGPA is below 2.0 or other students whose grades indicate difficulty with the course work, will be scheduled for a conference with the OSA to determine the nature of the problem and arrive at an academic improvement plan. This may include practical tutorials which will give a student an opportunity to repeat techniques that the student has not mastered. The number of sessions required and subject matter to be covered will be determined by the OSA, with input from the Chef-Instructor and the student. Necessarily, these tutorials will be offered outside of class time.

Removal from Financial Aid Probation

A student will be removed from probationary status if, at the next evaluation, he/she achieves SAP.

A student who has failed to achieve SAP at the end of the probationary period will be dismissed. A student will also be dismissed at any time at which it becomes mathematically impossible to graduate with a CGPA of 2.0. Please see **Withdrawal, Dismissal & Reinstatement Policies** for appeal information.

ADMINISTRATIVE POLICIES

*Subject to change; please refer to your class schedule (provided on your first day of class) for details.

SCHOOL CLOSING

To find out if the school is closing for inclement weather or for any other reason, please call the school's general number at (626) 345-6605. If the normal recording plays, this means that the school is open and all classes are running as scheduled. If the school will be closed for some or all classes on a given day, a new voice recording will say specifically that the school is closed and for what classes and for how long. Again, if the recording doesn't mention any closing, the school will be open and classes will run as scheduled. Any canceled class will be rescheduled for the next time that your class meets and a revised schedule will be handed out in your classroom.

DRESS CODE

Career Culinary Arts, Career Pastry and Baking Arts, and Career Health Supportive Culinary Arts

Proper dress is an important aspect of professionalism. Students are required to be in uniform (including hats) whenever they are in class. Student uniform includes:

1. White commis cap
2. Institute white chef's coat, clean and wrinkle-free and buttoned to the top.
3. Black chef's pants clean and wrinkle-free.
4. White apron.
5. Black kitchen-safe with closed backs. Perforated clogs, plastic clogs or those with strap-backs are not permitted. All shoes must cover the entire top of the foot. Nonslip soles are required on all shoes. Only black shoes may be worn.
6. Socks.
7. Two school-issued side towels.

Students that come to class out of uniform (this includes not having side towels or wearing a dirty uniform) may receive a deduction in their grade. A student may not be admitted to class if he or she is missing a coat, pants, shoes or socks. Repeated violations of the dress code may result in disciplinary action.

Replacement hats, towels, aprons, jackets and pants are available for purchase at the Reception desk.

Hygiene

The obligation to prepare wholesome food in a safe, hygienic manner is a serious one and the Institute is committed to teaching its students to comply with all health code regulations. In keeping with these standards, students are required to observe the following hygiene guidelines:

1. Men must be clean-shaven or have neatly trimmed beards and mustaches.
2. All hats must cover a student's hair. The hat must come down over the top of the head exposing the forehead with no hair showing. All hair, front back and sides must be under the hat. No ponytails, locks or braids may be outside of the hat for both men and women. For those that have exceptionally long hair, there are special stocking caps that are commercially available. No handkerchiefs may be used in lieu of a hair net or stocking cap.
3. Nails must be free of polish and trimmed short.
4. No jewelry beyond smooth-surfaced rings, studs and stud-type earrings may be worn.
5. No nose rings, lip rings or hoop earrings may be worn.
6. Wash your hands whenever you enter the kitchen, before beginning to cook and after you touch any potentially hazardous food. It is also important to wash your hands after you touch your mouth, face or hair and after using the toilet. Use hand sanitizer frequently.
7. Wear gloves when handling any food that will not undergo further cooking before being served.
8. Notify the Chef-Instructor if you cut or otherwise injure yourself and wear gloves when appropriate.
9. Be certain that your Instructor fills out an accident report in the event you are injured (see ***Student Injury Policy*** for additional information).
10. Notify the Chef-Instructor if you are ill. Students who appear to be ill may be sent home to avoid contagion.

Restaurant and Culinary Management

While business attire is not required, students are expected to dress in well-maintained, casual clothes. Tee shirts with messages, torn jeans, shorts, tank tops, bare midriffs and see-through attire are prohibited.

IDENTIFICATION BADGE POLICY

Students must be able to identify themselves at all times. A school photo ID will be issued to students within five days of starting the program. This will remain active throughout the duration of the program and must be accessible and made available upon request while on school premises.

Please report lost or stolen IDs to the Office of the Registrar immediately. Replacements will be issued as

necessary and, depending on the number of replacements issued, may cost a nominal fee.

LEAVE OF ABSENCE POLICY

In order to derive the maximum benefit from our educational experience it is important to take the program as an uninterrupted whole. Extended absences greatly reduce the retention of information and interfere with effective learning. For these reasons, the Institute of Culinary Education discourages students from taking leaves of absence. However, the school recognizes that events occasionally occur that require a student to interrupt his or her education. A student may request a Leave of Absence (LOA) from the Office of Student Affairs (OSA) only under the following policy:

1. The student must request the LOA in writing and must explain the reason for the requested leave.
2. The student must request the LOA on or before their last date of attendance in class. A form requesting a leave may be obtained from the OSA.
3. Student must demonstrate serious circumstance. Acceptable reasons include, but are not limited to, personal illness or illness of a close relative, bereavement, financial hardship or military and verifying documentation is required. Leaves will not be granted for vacations or other frivolous reasons.
4. The period of the LOA may not begin until the student has submitted and the school has approved a written and signed request for an approved leave of absence, except in those cases where unforeseen circumstances prevent a student from submitting a request in advance. In such cases, the student must be able to provide, at a later date, the request and the reason(s) for the LOA along with documentation to show that the LOA could not have been requested in advance. In these instances, the effective date of the LOA period can be no earlier than the date that the circumstance prevented the student from attending school.
5. The student must specify the length of leave requested.
6. If the request is granted, the school will provide a written approval to the student. LOAs are granted in increments of no more than 30 days. For leaves in excess of 30 days, the student must contact the OSA prior to the expiration of the leave to request a renewal.
7. If circumstances warrant, leaves may be extended up to 180 days from the last date of attendance, upon approval from OSA. An LOA may not exceed 180 days within any 12-month period.
8. Due to scheduling constraints, no more than one LOA will be granted.
9. The registrar will determine possible return date(s). Due to space constraints, the student may be required to change their class schedule upon return.
10. Students returning from an LOA may be unable to return to a class meeting on their original schedule due to a lack of space. In these cases, the student will not be charged any additional tuition. Should the student be transferred to a less expensive class, the student will receive a pro-rata refund. If a class of equal tuition is available, offered, and refused by the

student, it is considered a voluntary transfer and is subject to pro-rata charges.

11. Failure to return from the LOA on the scheduled day will result in the student being dismissed as of the last date of attendance and subject to refund policies mandated by the state of California and Federal Title IV regulations.
12. Funds that represent a credit balance may be paid to a student on a LOA.
13. A student who has federal financial aid is considered to be in continued enrollment during an approved LOA. However, if the student fails to return at the end of the leave, he or she is considered to have withdrawn as of the last date of attendance, and a return of federal funds calculation will be required. In addition, the student will be considered to have withdrawn as of the last date of attendance for purposes of the in-school loan deferment, and the 180-day grace period before repayment obligations begin will have started to run as of the beginning of the LOA. The student will be subject to refund policies mandated by the state of California and Federal Title IV regulations.
14. Students on a LOA may not partake in *Student Services*, ex: volunteer opportunities.
15. Students returning from a LOA will typically not return in their original class cohort. Additionally, students are not guaranteed a return to their original schedule due to space and/or class availability. Additional tuition will not be charged if the student is transferred to a more expensive class, if that is the only class available. However, if a class of equal tuition is available, offered, and refused by the student, it is considered a voluntary transfer and is subject to pro-rata charges. Should the student be transferred to a less expensive class, the student will receive a pro-rata refund.

CLASS TRANSFERS

Voluntary Transfer

Any student who voluntarily elects to transfer to a different class schedule, will be charged pro-rata the tuition difference (if any). Should the student elect to transfer to a less expensive class, the student will receive a pro-rata refund.

Involuntary Transfer

Students returning from a leave of absence may be unable to return to a class meeting on their original schedule due to a lack of space. In these cases, the student will not be charged any additional tuition. Should the student be transferred to a less expensive class the student will receive a pro-rata refund. If a class of equal tuition is available, offered, and refused by the student, it is considered a voluntary transfer and is subject to pro-rata charges.

WITHDRAWAL, DISMISSAL & REINSTATEMENT POLICIES

Withdrawal

Students may withdraw from the school at any time by providing verbal or written notice of withdrawal to the

Dean of Students and/or Registrar. Failure of a student to notify the Dean of Students or Registrar, in writing, of their intent to withdraw may delay any refund of tuition that may be due. The last date of physical attendance will be considered the actual date of withdrawal. If a student ceases attendance without withdrawing, ICE will dismiss the student when the maximum number of absences are accrued and initiate the refund policies mandated by California and Federal Title IV regulations. Withdrawn students are not eligible to partake in *Student Services*, ex: volunteer opportunities.

Students with qualifying extenuating circumstances may be permitted to Withdraw without Prejudice, enabling them to apply for readmission without waiting 180 days.

Readmission after Withdrawal

Students who wish to return to the Los Angeles campus following withdrawal from a program, must apply for readmission through the Office of Student Affairs. Students who have withdrawn must wait a period of 180 calendar days from their date of withdrawal before reapplying (except those students who withdrew without prejudice). All students applying for readmission after 180 days will be required to participate in a skills assessment to determine the appropriate point of return. The actual date of return will be subject to class availability as determined by the Registrar. While ICE will make every effort to avoid reinstating a student into a class with higher tuition, it may not always be possible. In these cases, the Bursar or Office of Student Financial Services will review these details with students prior to final confirmation of the return date.

Students who apply for readmission a year or more after the date of withdrawal are generally required to retake the entire program. Those students will also be required to formally reapply with the Office of Admissions if their admissions application is more than two years old.

ICE reserves the right to decline to readmit students who withdraw after a prior dismissal. In all cases the student will require clearance from the Dean of Students prior to readmission.

ACADEMIC DISMISSAL

Students who fail to achieve SAP at the end of the probationary period will be dismissed. Students will also be academically dismissed at any time at which it becomes mathematically impossible to graduate with a CGPA of 2.0. See *Satisfactory Academic Progress* and *Assessing Student Progress* in the Academic Policies section for details.

Administrative (Disciplinary) Dismissal

Students who commit infractions of the conduct code (other than those that result in immediate dismissal) will receive progressive discipline. The first infraction results in a written warning from the Office of Student Affairs. A second infraction will result in the student being placed on behavioral probation and a third infraction may result in dismissal. See the below *Code of Conduct* for additional information.

Attendance Dismissal

Students may be dismissed for the following attendance infractions:

1. Exceeding the allowable number of absences for their program. Specific *Attendance* policies may be found within the overview of each program.
2. Failure to begin externship immediately following the last day of the in-school portion of the program.
3. Failure to submit externship timesheets in a timely manner.

Reinstatement from Dismissal

Students who have been dismissed, regardless of the reason, may file an appeal via email to the Campus President explaining the circumstances that merit reconsideration within 14 days of the dismissal. ICE reserves the right to deny any appeal which is not received timely. Students appealing their dismissal are generally required to meet with the Appeals Committee to explain the circumstance surrounding their dismissal. Appeals will be usually be decided within 14 days of the meeting.

In the event the appeal is granted, the Office of Student Affairs will prepare a reinstatement plan detailing any requirements and setting the time and point of readmission. While ICE will make every effort to avoid reinstating a student into a class with higher tuition, it may not always be possible. In these cases, the Bursar or Office of Student Financial Services will review these details with students prior to final confirmation of the return date.

Students who have been dismissed from a program will not be eligible for re-instatement or re-enrollment unless they have successfully completed the appeals process.

STUDENT CONDUCT POLICY

Code of Conduct

In order to assure that all our students benefit from a positive educational environment, we ask that you observe the following rules. Compliance with them is reflected in skill point awards. Consistent violations of these rules may result in disciplinary action.

All students are bound by the rules and regulations as stated in the Student Handbook including all Code of Conduct policies. These guidelines also apply while on trails, externship or any school- related activity (i.e. volunteering). As a representative of the school, this also includes correspondence and contacts with industry professionals, businesses and associations that have a professional relationship with the Institute of Culinary Education and its campuses.

Violations of these rules may result in disciplinary action and/or suspension of student services.

1. Students must bring their knives and tool kits to every class. Chef-Instructors will indicate additional items (books, lessons) that are also required.
2. Students are required to be in full uniform whenever they are in the kitchens. In compliance with the

- health code, no students will be permitted to participate in career cooking classes while in street clothes.
3. Students are required to practice safe food handling techniques at all times.
 4. Students are required to prepare for all classes by familiarizing themselves with the recipes, doing the assigned reading, and completing the written assignments.
 5. Students are required to behave in a polite, courteous manner. Rude, vulgar or abusive language will not be tolerated. Cursing in the classroom is not allowed and such activity will result in disciplinary action which could cause suspension and ultimately lead to dismissal.
 6. Students are required to work effectively with others. Teamwork is essential for success at the Institute.
 7. Students are required to work in a neat and orderly manner.
 8. Students are required to keep their work area clean and wash dishes as they go. Participation in kitchen clean-up is mandatory.
 9. Cell phone use except for emergencies is prohibited during class. PDAs may be used for note taking with the Instructors permission.
 10. iPads, laptops and other electronics may be used for class purposes only.
 11. Smoking is prohibited on Institute property.
 12. Students are prohibited from any solicitation activity on school premises. Students may not use class rosters or student lists for any form of solicitation.
 13. Students are encouraged to share their experience in class through social media and personal websites, blogs and videos, but may not disseminate or otherwise make public any proprietary information of the Institute of Culinary Education. Prohibited activities include posting Institute recipes on the internet (including on personal websites, blogs or videos) without the prior written consent of the school.
 14. Students may only take home food prepared in class. These items must be taken immediately at the end of class and not left in the refrigerators. All raw ingredients and supplies are school property and may not be taken.
 15. Students are required to ask the Chef-Instructor's permission before using anything from a kitchen other than the one to which they are assigned.
 16. Students are required to come to school in appropriate mental and physical condition to participate in their classes. While at school, students may not use, possess, distribute, sell or be under the influence of alcohol or illegal drugs. The legal use of prescribed drugs is permitted only if it does not impair a student's ability to function in a safe manner that does not endanger him or herself or other students.
 17. Students who are judged to be under the influence of drugs or alcohol will be removed from class and a disciplinary report will be filed. A second incident will result in dismissal from the program. This policy also applies to career students taking enrichment classes.

18. For those programs with an externship course, students are required to begin their externship within seven (7) days of the last day of class. Failure to do so will result in administrative dismissal.

Prohibited Conduct

The following actions are grounds for immediate dismissal:

1. Behaving in a violent manner.
2. Engaging in hate speech relating to race, creed, color or sexual orientation.
3. Harassment (physical, verbal or sexual) of another person including, without limitation, taunting, mocking, mimicking or teasing.
4. Threatening or intimidating another person in any manner.
5. Theft of school property or the property of another person.
6. Reckless damage to Institute property or the property of others.
7. Consuming alcohol in any Career Culinary Arts, Career Pastry and Baking Arts or Career Health Supportive Culinary Arts class or outside of an approved area or event. No alcohol may be consumed by any student who is under 21 years of age.
8. Refusal to comply with the directives of the faculty or administration given in performance of their duties.
9. Academic dishonesty (cheating, plagiarism, alteration of Institute records including externship timesheets, and unauthorized use of school documents).

Suspension

Any student involved in Code of Conduct violations may be suspended from their current class. This means that they will be removed from that class pending a disciplinary hearing to determine appropriate sanctions if any that will be imposed which may include dismissal. The Disciplinary Committee may be comprised of the Director of Education, a Career Services Advisor, and an instructor.

If it is determined that you are able to continue your program, you may be transferred to another class that may have a different schedule and also may have stipulations that apply (i.e. be on Behavioral Probation for the remainder of the program).

If you are dismissed, you may appeal to the Campus President within 14 days of the dismissal. Such appeals must be made in writing and will be adjudicated within 14 days of receipt of the appeal. All appeal decisions are final.

If you are dismissed, the Los Angeles campus will initiate the refund policies mandated by the state of California and Federal Title IV regulations. The last date of attendance will be considered the date of dismissal.

Academic Honesty and Copyright Infringement Policy

Academic honesty, integrity, and ethics are required of all students and employees of the Institute of Culinary Education. The Los Angeles campus will not tolerate cheating, plagiarism, or other forms of dishonesty.

1. The school defines cheating as including but not limited to the following:
 - a. Using unauthorized materials such as books, notes, cell phones, or crib sheets to answer examination questions;
 - b. Taking advantage of information considered unauthorized by one's instructor regarding examination questions;
 - c. Copying another student's homework, written assignments, examination answers, electronic media, or other data;
 - d. Assisting or allowing someone else to cheat; or
 - e. Failure to report cheating to an academic official of the school.
2. The school defines plagiarism as including but not limited to the following:
 - a. Representing the ideas, expressions, or materials of another without due credit;
 - b. Paraphrasing or condensing ideas from another person's work without proper citation; or
 - c. Failing to document direct quotations and paraphrases with proper citation.
3. The school defines other forms of academic dishonesty as including but not limited to the following:
 - a. Fraud, deception, and the alteration of grades, timesheets, or official records;
 - b. Changing examination solutions after the fact;
 - c. Purchasing and submitting written assignments, homework, or examinations or passing off the work of others as your own;
 - d. Reproducing or duplicating images, designs, or Web pages without giving credit to the developer, artist, or designer;
 - e. Submitting work created for another course without instructor approval;
 - f. Misrepresenting oneself or one's circumstance to gain an unfair advantage
 - g. Collaborating with another person(s) without instructor approval; or
 - h. Selling or providing papers, course work, or assignments to other students.
4. Students may not make unauthorized copies of copyrighted material on or using school computer systems, networks or storage media. Students may not store unauthorized copies of copyrighted works using school systems, networks and/or storage media. Students may not download, upload, transmit, make available or otherwise distribute copyrighted material without authorization using school computer systems, networks, internet access or storage media, and may not use peer-to-peer file services that would promote copyright infringement. The Institute of Culinary Education and its campuses reserve the right to monitor its computer systems, networks and storage media for compliance with this policy, at any time, without notice, and with or without cause. Additionally, the school reserves the right to delete from its computer systems and storage media, or restrict access to, any seemingly unauthorized copies of copyrighted materials it may find, at any time and without notice. The school also reserves the right to restrict access to its computer

systems, networks and storage media at any time for any reason.

There are four possible consequences for violating the academic honesty and copyright infringement policy:

1. Failure of the assignment
2. Failure of the course
3. Expulsion from the school
4. Rescinding a diploma or certificate

It is entirely within the discretion of the Institute of Culinary Education to determine the appropriate consequence for any violation of this policy.

STUDENT INJURY POLICY

The Institute of Culinary Education carries an Excess Student Insurance Policy which provides additional coverage for those students injured on-premises or at school-related events. If an incident occurs, the student must complete a Student Injury Claim Form at or near the time of the injury.

When seeking medical coverage, the student must submit their own insurance information as the "primary insurer," as well as submit copies of any medical bills and explanation of benefits to the school insurance provider. If a student does not submit these documents, they may be required to assume responsibility for some or all of the related costs.

For these students, the school will serve as the "secondary" or "supplementary insurer." In the event the student is without personal coverage, the school plan will serve as the primary insurer.

STUDENT COMPLAINT/GRIEVANCE PROCEDURE

The Los Angeles campus encourages students to bring all complaints or grievances about school-related situations to its attention. All complaints will be promptly and fully investigated. The process explained below is designed to provide a forum for students to address their dissatisfaction with the application of school policies or with interactions with staff, faculty, administrators or other students.

1. If the grievance is related to a class, a student should discuss the problem with the Instructor.
2. If the student is not satisfied with the action taken by the instructor, the student should inform the Office of Student Affairs. They will investigate and discuss the matter with the student and the Instructor and attempt to resolve the matter.
3. If a student is still dissatisfied with the handling of his/her grievance, he/she must submit a written request for a hearing to the Campus President. A hearing panel will be convened consisting of the Campus President, the relevant Dean, and an Instructor. A final decision will be communicated to the student in writing within ten (10) working days.

Policies Pertaining to Grievances

All information related to complaints and grievances will be held in strict confidence. The complaint will only be discussed with individuals who are directly involved. Whenever two or more students have a common or similar grievance, The Los Angeles campus may require the students to select a representative(s) for the group. The final decision pertaining to the grievance will be binding on all members of the group. Decisions on grievances will not be precedent-setting or binding to future grievances unless they are officially adopted as school policy.

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints reviewed by the Commission must be in written form and should grant permission for the Commission to forward a copy of the complaint to the school for a response. This can be accomplished by filing the ACCSC Complaint Form. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. Please direct all inquiries to:

We are pleased to offer students and alumni opportunities to expand their horizons by participating in the services outlined below. Note that students on a leave of absence or who have been withdrawn or dismissed are not eligible for student services.

ACADEMIC SUPPORT PROGRAM

The Institute of Culinary Education works closely with at-risk students. Students whose CGPA is below 2.0 or other students whose grades indicate difficulty with the course work, will be scheduled for a conference with the Dean of Students to determine the nature of the problem and arrive at an improvement plan. This may include practical tutorials which will give a student an opportunity to repeat techniques that the student has not mastered. The number of sessions required and subject matter to be covered will be determined by the Dean, with input from the Chef-Instructor and the student. Sessions will be held outside of the student's normal class time. If you think you may need assistance or have any questions, contact the Office of Student Affairs at LAstudentaffairs@ice.edu.

ENRICHMENT CLASSES

While our programs are comprehensive, there is always more to learn and we are pleased to offer students the opportunity to take enrichment classes on a wide variety of topics. These classes are often taught by guest instructors who offer students unique expertise and perspective. These classes are offered free of charge or at a very low cost. To view a current listing, please visit <https://www.ice.edu/losangeles/explore-ice/demos-lectures>. Email LAcredits@ice.edu to sign up.

Lectures are free for current students and are offered on a variety of schedules to accommodate all students. To register, email LAcredits@ice.edu. A current listing of lectures may be found at <https://www.ice.edu/losangeles/explore-ice/demos-lectures/meet-culinary-entrepreneurs>.

VOLUNTEER OPPORTUNITIES

These events allow students to get firsthand experience of real-world food service and frequently involve working with some of the area's most noted chefs and experts. CONTESTS & COMPETITIONS

Competition can be a powerful vehicle for skill improvement and advancement. It gives students an opportunity to apply their academic and technical skills in a creative endeavor that offers possibilities of prizes and publicity. Often faculty serve as coaches to student-contestants. Please contact the Office of Student Affairs for information at LAstudentaffairs@ice.edu.

SCHOLARSHIP SUPPORT

2. One (1) full-tuition scholarship for Career Pastry and Baking Arts
3. One (1) full-tuition scholarship for the Career Health Supportive Culinary Arts

The scholarships are awarded to finalists in the *C-CAP Cooking Competition for Scholarships*, which is typically held in May of each year. Finalists and scholarship winners are selected based on performance in the competition, soft skills (such as attitude and integrity), scholarship eligibility, financial need, and the applicant's school preferences.

In addition to these three scholarships, the Los Angeles campus is also proud to offer all graduating Los Angeles area C-CAP students a scholarship to attend ICE in 2018. Graduates are eligible for a \$5,000 scholarship for the Career Culinary Arts or Career Pastry and Baking Arts, or a \$3,500 scholarship for Restaurant and Culinary Management. To qualify, a recipient must:

- Be graduating from a southern California or Arizona high school that offered C-CAP related training in 2018
- Have at least a 2.75 GPA
- Use the scholarship for an ICE program that starts prior to the end of 2018
- Meet ICE's general admissions requirements

Speak with your Admissions Representative or visit our website for additional information.

#CulinaryVoice Scholarship

ICE was pleased to hold the #CulinaryVoice Scholarship Contest for the third time in 2018. Eligible applicants submitted a one-minute video detailing why they deserved a full-tuition scholarship to study at ICE. The hundreds of applicants were narrowed down to 100 semi-finalists and then 20 finalists, who competed in two skills challenges in New York City on ABC's *The Chew*. Five (5) grand-prize winners were selected to receive a full-tuition scholarship for either the Culinary Arts or Career Pastry and Baking Arts.

ICE Cares Scholarship Program

The ICE Cares Scholarship is a need-based scholarship for Career Culinary Arts, Career Pastry and Baking Arts, and Career Health Supportive Culinary Arts applicants who have attempted but unsuccessfully completed the financing process. The value of the scholarship is up to \$25,000 based on need, and up to twenty are awarded annually. In addition to answering the essay questions, applicants must submit a high school or college transcript indicating a GPA of at least 2.5, and completed and current award year FAFSA results demonstrating eligibility for Stafford loans and financial need. The ICE Cares Scholarship total amount will be established by

subtracting TIV total eligibility plus \$2,000 from the Total Institutional Charges for student's selected program. Scholarship recipients will still have a minimum \$2,000 out-of-pocket requirement.

Applications are available in the Office of Admissions or the Office of Student Financial Services.

RELEVANT COPING SKILLS

The Institute of Culinary Education offers outside resources for counseling, budgeting, and other related life-skills needs through the Office of Student Affairs. Career development services are available through your Career Services advisor.

GRADUATE EMPLOYMENT ASSISTANCE

Beginning at the first week of enrollment, a member of our Career Services department will meet with each class. From that point on, this advisor will work with the class, one-on-one and as a group, from start to finish. The advisor will assist in resume writing, communication and interview skills, and provide professional leads to secure their externship. See ***Career Services*** for additional details.

HOUSING & TRANSPORTATION

Please see ***Housing*** within the Admissions section for additional student housing information or contact LAhousing@ice.edu. The Office of the Registrar provides student validation information for students to receive discounted transit options, where available.

CAREER SERVICES

The Institute of Culinary Education Los Angeles campus does not guarantee employment to its graduates. We do, however, maintain ongoing job placement services to help graduates find work. Each student is assigned a specific Career Services Advisor, who is their direct contact for all career-related issues throughout their time at the school, from externship site selection to job search help after graduation. Each class has at least four touch points where Career Services Advisors explain the types of jobs available, strategize about job search, work with students to develop their interview skills and polish their resumes. This culminates in the advisor collaborating with the student to arrange their externship.

At the conclusion of externship, the Career Services Advisor continues to work with the graduate to secure employment by providing job listings and additional support with interviewing and resume writing as required. Examples of on-going services offered to graduates includes individual advisement sessions, one-on-one resume writing assistance, recruiter visits, weekly job listing newsletter and bi-annual Career Fairs. Graduate employment assistance is offered to all diploma recipients. See *Education Objectives* within each program's description for sample entry-level positions our students obtain.

DISCLOSURES & OTHER INFORMATION

ALCOHOL AND DRUG ABUSE PREVENTION PROGRAM

The Institute of Culinary Education has a strict policy against abuse of drugs and alcohol by students and employees. Use of illegal drugs, abuse of prescription or over-the-counter drugs, and alcohol abuse create serious health risks as well as raise the potential for serious legal penalties. The unlawful possession, use, or distribution of controlled substances and alcohol by students and employees on the school's property, or as part of the school's activities is strictly forbidden, except to the extent that alcohol may occasionally be used for an approved purpose as part of the academic program. Consumption of alcohol by a student under the age of 21 is strictly forbidden. Violations of the drug and alcohol prohibitions are grounds for immediate dismissal or other disciplinary action.

Driving While Intoxicated

The National Minimum Drinking Age Act of 1984 sets 21 as the minimum age to purchase or possess any alcoholic beverage.

While driving in the state of California, the following is illegal:

- Drivers under 21 may not carry unsealed beer, wine or liquor in their vehicle while they are driving alone (there are exceptions for work related driving).
- Drivers under 21 may not drive with a blood alcohol concentration level (BAC) of .01 or higher.
- Drivers under 21 may not consume alcohol in any form, including cough syrup, and prescription drugs.
- Any driver may not drive with a BAC of .08 or higher.
- The driver of any vehicle requiring a commercial driver license may not drive with a BAC of .04 percent or higher
- A driver under 18, may not drive with ANY measurable blood alcohol concentration.
- Repeat offenders may not drive with a BAC of .01 or greater.

Legal Penalties

Illegal use of drugs and alcohol are serious crimes under both California State and Federal laws. Legal sanctions under local, state, and federal laws may include:

- Suspension, revocation, or denial of a driver's license
- Loss of eligibility for federal financial aid or other federal benefits
- Property seizure
- Mandated community service
- Felony conviction with associated penalties
- Monetary fines

Health Risks Associated with Drug Abuse

There are both immediate and long-term problems that can be associated with drug and alcohol abuse. An acute problem can result from a single episode of drug/alcohol use such as sudden heart failure (cocaine use) or an automobile accident (alcohol or drug use). While under the influence of alcohol or drugs, a person is not mentally

sharp and physical reflexes may be slowed. Because Arts students use knives, hot liquids, ovens and other potentially dangerous items, violation of the drug and alcohol abuse policy at school is particularly dangerous.

Chronic problems can result from long-term abuse of alcohol or drugs. These include liver problems, cognitive deficits, and physical tremors as well as behavior problems and difficulty concentrating or holding a job. Using drugs can lead to addiction, impairment, and death.

Symptoms of addiction may include:

- Drinking or getting high daily
- The need to drink more or take larger amounts of drugs to get an effect
- Feeling guilt or remorse about drinking/drug use or things you do while drinking or high
- Anxiety or depression (which could be a cause or effect of the substance abuse)
- Complaints from family, friends, or colleagues about drinking or drug use
- Decline in performance or increase in absences at school or work
- Inability to remember what happened when drinking (blackouts)
- Drug abuse does not just include illegal drugs. Legal prescription drugs are not something to fool around with. Neither are some over-the-counter medications like cough syrup. Just because a doctor prescribed them to a relative or a friend doesn't make them safe for you. Just because something comes from a drug store doesn't make it safe to abuse. Combinations of drugs, or drugs and alcohol, can be particularly dangerous.

STUDENT RIGHT-TO-KNOW

The overall graduation rate is also known as the "Student Right-to-Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree- or certificate-seeking students to see if they completed a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled. Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.

The information is provided in compliance with the Higher Education Act of 1965, as amended. The rates reflect the graduation, completion and transfer-out status of students who enrolled during the referenced school year and for whom 150% of the normal time-to-completion has elapsed.

The Los Angeles campus does not have an applicable IPEDS graduation rate at this time.
